

# Grants Financial Management Refresh

January 13, 2026

Jennifer Ahern, Grants Management

# DESE as an Organization

- An organization based on function
- Program units - can we? / Allowable costs (applications)
- Grants Management - procurement for grant programs all grants flow through - \$

# Grants Management (GM)

## Procurement for grants

- Over 100 different grant programs (Request for Proposals)
- State/Federal/Trust
- GM tracks everything by Fiscal Year and Fund Code

## Over 2,000 LEAs established in the grants system (GEM\$)

- Districts (400+)
- Community Based Organizations (CBOs)
- Community and State Colleges

# Grant Types

## Entitlement Grants

- DESE as pass through agency (SEA)
- ESSA / IDEA / Perkins\*
- Multi-year awards (Tydings)
  - Federal entitlement grants run for 27-months (multi-year grants)
  - Timeframe/Project Duration depends on when a substantially approvable grant is submitted by grantee (LEA fiscal rep step)

\*Perkins is NOT a multi-year grant

# Grant Types

- Continuation Grants
  - Typically based on a competitive award from a prior fiscal Year.
  - Re-apply each new FY.
  - Most align with state fiscal year end (6/30).
- Targeted
  - Grantees that meet a certain criteria as recipients.

# Grant Types

- Earmarks
  - Written into state budget
  - Some programs; some district specific
- Competitive Grants
  - Discretionary
  - Open to most
  - Highly competitive
  - Review Competitive Grant Submission Policy
- Competitive Continuation
  - Typically based on comp award
  - Open to comp awardees

# Request for Proposals (RFP)

- RFPs are the governing document for the grant funding.
- RFPs are the public announcement of grant availability.
- All RFPs include:

Purpose	Priorities	Eligibility	Funding Type
Funding	Fund Use	Project duration	Program Contact
Date Due	Additional Info	Submission instructions

## COMPETITIVE GRANTS WORKFLOW

# Start Dates (Non-Comp

- The grant start date for is based on when the grant is submitted through **LEA Fiscal Representative Approved** step in GEM\$.
- Only grants submitted through this step on or before 7/1 will get 7/1 as a start date.
- Superintendent/Chief Exec must be the one to submit the Super/Chief Exec step.\*
- Have a plan for submission timeframes at the LEA level.

# Grant Award Notice (GAN)

- The Grant Award Notice (GAN) end date determines the timing of deadlines:
  - Final Revisions (amendments): 30-days **prior** to grant end date.
  - Final Reimbursement Requests: 60-days **post** grant end date (**approx.**).
  - Final Expenditure Report: 90-days **post** grant end date.
- Grants that end 6/30 (most) have slightly less than 60 days to request final reimbursement depending on what day Accounts Payable ends.
  - **August 15<sup>th</sup> because AP ends 8/31 for DESE**
- Grants that end 8/31 (SUMMER PAC) FER can be used to both close the grant as well as grab final grant balances by the 90-day post obligation end date mark.
  - **Not in competition with AP**
- If a GAN is showing dates that look incorrect, please let us know!

# Grant Award Notice (GAN)

## **5 Sub-recipient Award Information**

- **Grant Project Number:** 0460-000905-2026-██████
- **Grant Award Amount:** \$125,000.00
- **Grant Project Duration (Period of Performance):** 7/30/2025 - 6/30/2026
- **Reimbursement Requests Close:** 8/16/2026
- **Final Expenditure Report (FER) Due:** 9/30/2026

# Obligation End Date

- Encumbrances, purchase orders and contracts must be in place by obligation end date.
- RFP posting (Project Duration) and Grant Award Notice (GAN) will show the obligation end date for the grant funds.
- Most grants DESE issues align with state fiscal year end (6/30).
- Different types of expenses obligate at different times (see chart).
- **The obligation end date is the driver for liquidation timeframe!**

# Obligation for Federal Grants

- **Deadline** for obligation depends on type of expense:

If the obligation is for:	The obligation is made:
1. <b>Acquisition of real or personal property</b>	On the date on which the State or subgrantee makes a binding written commitment to acquire the property.
1. <b>Personal services by an employee of the State or subgrantee</b>	When the services are performed.
1. <b>Personal services by a contractor who is not an employee of the State or subgrantee</b>	On the date on which the State or subgrantee makes a binding written commitment to obtain the services.
1. <b>Performance of work other than personal services</b>	On the date on which the State or subgrantee makes a binding written commitment to obtain the work.
1. <b>Public utility services</b>	When the State or subgrantee receives the services.
1. <b>Travel</b>	When the travel is taken.
1. <b>Rental of real or personal property</b>	When the State or subgrantee uses the property.
1. <b>A pre-agreement cost that was properly approved by the Secretary [of Education]</b>	On the first day of the grant or subgrant performance.

# Liquidation (Reimbursement & Closeout)

- Liquidation = reimbursement request process and FER filing\*
  - Happens throughout the grant lifecycle
  - Extends beyond the grant obligation end date by approx. 60 days (46 days for 6/30 ends!)
  - This varies by grant type; Check the GAN
- Summer PAC grants will (and off-cycle end grants) have 60 days to liquidate using Reimbursement Request form; Additional 30 days to liquidate using FER filing.
- Timing final requests and revisions – have a plan!

\*Know when the FER CANNOT be used to claim final balances.

# Cash Management

The expectation is that grantees are following sound cash management principles, including:

- Maintaining records on expenditures that align with the approved budget line items.
- Charging only allowable costs (as approved on the grant budget).
- Drawing funds as funds *are expended* or in the process of being expended (**not obligated**).
- Grant funds are deposited into the correct accounts at the city/town level.

# Grant Reimbursement

Reimbursement requests are based on *actual expenditures*, by line item (function code) not on obligations or projected future expenditures.

Review the Grant Award Notice (GAN) for each grant to determine final reimbursement request timeframe/deadline

Determine when you need all final invoices in so that reconciliation can be performed and final reimbursements requests are submitted by the deadline.

# Grant Reimbursement continued

## **Reconcile frequently**

- Against the budget(s) to determine if a revision is needed (at a minimum quarterly).
- Against payments to claim reimbursement (at a minimum quarterly).

## **Do not wait until the end of the grant award to “clean up” budget line items and request reimbursement.**

- Gives the appearance that grant programming is not happening
- DESE only has the reimbursement claims as insight into programs (no claims = red flag ).
- Final revisions (amendments) are due 30 days before grant obligation end date to ensure approval and processing does not compete with final reimbursement deadline.

# Revisions (amendments) are Required when:

- There is a significant change in program objectives; or
- There is an increase or decrease in the **total** award amount of the grant; or
- An **increase** in a line of the budget that exceeds \$100 or 10% of the line (whichever is greater), or exceeds \$10,000
- Amendment validations are built into the reimbursement request form in GEM\$.

# Revisions continued

- Amendments are due 30 days prior to grant end date (check your GAN!). This is very important with grants housed in GEM\$!!
- Reimbursement requests will prevent reporting expenditures over the allowable amendment thresholds based on the last **approved** budget on file.
- Reimbursement request deadlines are imposed on DESE by the state fiscal year timelines; if on the final day for reimbursement requests you realize you need to file an amendment to accurately report expenditures, ***we will not be able to process this grant payment in time; you will be forfeiting the remaining balance.***

# Federal Entitlement Activities (Sept - Dec)

Prior Closed FY Activities (i.e., FY2024 ESSA / IDEA)	New/Current FY Activities
Submit final reimbursement requests for 9/30 end grants by 11/30.	Submit reimbursement requests as needed.
Use old money first!	Reconcile frequently and submit revisions 30-days prior to need, as needed.
Review GAN for deadlines!	Review GANs for start dates & deadlines.
File FER by 12/31. FER can be used to claim final expenditures.	Alert the RASP / Federal grants group if you intend to forfeit the grant funds.

# Grant Activities for 6/30 end (Sept - Dec)

Prior Closed FY Activities	New/Current FY Activities
File FER by 9/30. <b>Cannot use FER to claim final balance as this point.</b>	Submit reimbursement requests as needed.
FERs filed after 8/15 that include final balance requests will be sent back for grantee to remove unclaimed expenditures from the FER. (PERKINS!)	Reconcile frequently and submit revisions 30-days prior to need, as needed.
	Review GANs for start dates & deadlines.
	Alert the DESE program unit if you intend to forfeit all or some of the grant funds.
8/31 summer only ends (PAC):	By the end of Sept if grantee anticipates not spending entire award, file FER to close grant and leave funds unclaimed.
8/31 summer only ends (PAC):	Final reimbursement requests due by October (check GAN) FERs due November (can use FER filing to claim funds).

# Summer Only Grants /Off-cycle end date

Summer only grants are typically available in Spring (May or June) for the upcoming Fiscal Year.

- State funded PAC grants.
- State funded grants with PAC language would be made available in May or June of FY26 for FY27 (7/1/2026) for summer only award.

State funded PAC grants **must be** decreased in the Spring of the prior fiscal year to have funds available in the summer of the next fiscal year.

- Free up FY26 SY grant by decreasing (close by filing FER by deadline).
- Re-apply for FY27 SUMMER PAC portion of funds (close by filing FER by deadline).

# Summer only / off-cycle end dates

- Summer only and off-cycle end date grants have shortened timeframe for obligation, liquidation and closeout.
  - For example, 8/31 ends have through 10/31 to file reimbursement request.
  - FERs due 11/30 to close grant.
- Summer only (non-comp) grants should be submitted through LEA fiscal Representative Approved on or before 7/1 to get a 7/1 start date.

# Ongoing / As needed (Dec – May)

- LEAs should be reconciling approved budgets quarterly to assess if a revision (amendment) is needed.
- Revisions should be submitted 30 days prior to need.
- Final Revisions are due 30 days prior to grant end date (May 30 for 6/30 ends).
- Click Application Revision Started in Sections to initiate a revision.

# Grant Activities for 6/30 end (March - April)

LEAs should assess whether they intend to expend grant funds in full.

- PAC activities – asses what is needed to roll into Summer months.
- If it is known that all funds will not be obligated and spent, contact DESE grant program person to revise allocation amount which will trigger a revision (decrease).
- DESE would expect all changes to allocation/award amounts to be submitted in March/April so they can be processed by DESE by mid-May. (workflow)

# Federal Entitlement Activities (March – April)

Federal entitlement grants have a reallocation process where additional funds are added to existing allocation amounts (mid-year adjustments).

- New award amounts trigger a revision to be initiated in GEM\$.
- Grantees need to account for the new award on the budgets.
- Incomplete revisions will impact the ability to draw down the new award amount and can cause issues with final reimbursement requests and FER filing.
- Submit revisions by deadline issued by RASP.
- Alert RASP / Federal grants group if forfeiting increase.

# Federal Entitlement Activities (May / June)

FY Close Activities	FY Open Activities
Spend down current FY entitlements	Apply for new FY entitlement grants
Reconcile and submit any needed revisions	Submit grant through <b>LEA Fiscal Representative Approved</b> on or before desired start date
Final Revisions are due 30-days prior to grant end (if 6/30 is the intended end date all final revisions should be submitted by 5/30.	Respond to RASP team with any requested edits in a timely manner
Request Reimbursement for expenditures (unapproved revisions will impact the ability to draw funds)	

# Grant Activities for 6/30 end (May / June)

FY Close Activities	FY Open Activities
Review Grant Award Notice to confirm end date and end of year/close deadlines.	Apply for new FY grants as RFPs are available.
PAC/Summer grants: Assess from current FY award(s) what needs to roll into next FY/Summer months (April). Submit decrease revisions (amendments).	PAC/Summer grants: Re-apply for new FY SUMMER PAC grant (June).
All Application Revisions submitted by 5/30.	Start date for non-comps is the date the <b>LEA Fiscal Representative Approved</b> in GEM\$.
Prepare for Accounts Payable for all grants that end 6/30.	Apply for Summer only grants prior to 7/1 to obtain 7/1 start date.
Finalize all obligations.	
Perkins falls into the 6/30 end category.	

# Federal Entitlement Activities (July / August)

FY Close Activities	FY Open Activities
Review Grant Award Notice (GAN) for important deadlines.	July 1 marks start of new Fiscal Year.
Submit revisions to utilize the oldest award first for multi-year entitlements (if continuing into year 2 or 3).	Apply for new FY entitlement grants. Deadline is typically October.
Submit all final reimbursement requests for Perkins (FC 0400 / 0401) funding by the August accounts payable deadline as issued by Grants Management (8/15).	Submit grant through <b>LEA Fiscal Representative Approved</b> on or before desired start date.
Perkins is a one –year entitlement award so must adhere to 6/30 end deadlines.	Respond to RASP team with any requested edits in a timely manner
File Perkins FER(s) by 9/30 to close grant. FERs can be used to close and request final reimbursement if filed by <b>August 15<sup>th</sup></b> .	
Submit final revisions for any 9/30 end grants by 8/31.	

# Grant Activities for 6/30 end (July / August)

FY Close Activities	FY Open Activities
Reconcile and submit all final reimbursement requests	July 1 marks start of new Fiscal Year.
Deadline for reimbursements will be late August (varies each year – review Grants Management communication for deadline; typically on or around 8/26). (58-ish days post grant end)	Apply for new FY grants as RFPs outline.
<b>Perkins is a federal entitlement but is a one-year 6/30 end grant!</b>	Submit grant through <b>LEA Fiscal Representative Approved</b> on or before desired start date.
FERs can be used to claim final expenditures if they are submitted by <b>August 15<sup>th</sup></b> .	Respond to DESE program team with any requested edits in a timely manner.
All FERs due 9/30. (90-days post grant end)	Alert the DESE program manager if you intend to forfeit grant funds.

# DESE Accounts Payable (AP) 7/1 – 8/31

- AP is the timeframe where DESE must complete processing and paying all prior fiscal year grants (that have a 6/30 end date). (PERKINS)
- FY2026 AP will be 7/1/2026 – 8/31/2026. (June 30 end grants)
  - DESE must give grantees only through 8/15 for final reimbursement submissions (whether by reimbursement request form or FER filing w claims attached).
- Grants with extended end dates/multi-year options have additional time to draw funds.
  - For example, Titles with the multi-year feature balances will roll and seamless requests for reimbursement until November 2026.\*
  - FY24 FC 0274 ended 9/30/2024 and can be drawn through November 2024.
- Grants Management will continue to use GEM\$ messaging feature to blast important deadline information.

# Takeaways

- Cadence of the fiscal year / when to do what.
- Deadlines by grant (GAN).
- Check in quarterly on your grant needs (revisions / reimb).
- Rely on the resources and tools provided to assist.
